## COVID-19 Update: Northwood Halifax Campus

It is with great sadness that we announce that three of our residents have died from complications of COVID-19. They passed away peacefully at the Northwood Halifax Campus. We offer our sincerest condolences to the residents' families and friends. We have been in touch with their families and loved ones and are offering our deepest sympathy and support during this difficult time.

Our dedicated teams continue to go above and beyond to maintain a high level of care for our residents. They are our heroes — our protectors — and we are truly grateful and sincerely thank them for their hard work and commitment to the care of others.

We also want to thank our health care colleagues who have offered support as we implement an emergency plan to isolate the virus and care for our residents. We have staff coming from the Nova Scotia Health Authority, VON, EHS and other long term care facilities, so we can focus our resources on providing quality care for our residents.

We are committed to keeping our Northwood community informed as we manage this challenging situation, however, our resources are focused on the care of our residents and their families and our staff. We will respond to requests as we are able, and media are encouraged to visit our FAQ page for further information. Family members are able to reach us at [902-478-9794](tel:902-478-9794).
